Methods of Adopting a Smoke-Free Building Policy

- “Phase-In” Method: Begin having new tenants who move into the building sign a smoke-free lease addendum immediately. Announce the policy change to current tenants and have them sign a smoke-free lease addendum at the time of their lease renewal.
- “Quit Date” Method: Decide what date you would like the building to go smoke free. Give your tenants notice of the policy change and tell them that they must sign a smoke-free lease addendum before the policy change.
